Future Aspiration Statement

Over the next 3-5 years, Baptist Care SA aims to develop and implement integrated approaches that enable people to receive the support they need to move along their own unique Transition Pathways and have increasing opportunities to flourish as individuals and in their community.

We do this in response to the biblical “Great Commandment”:

“Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: Love your neighbour as yourself.”

Matthew 22:37-39.

Desired Outcomes

Transition Pathways – we are committed to finding a way forward for everyone we serve. Together, we will do the hard yards and create the opportunity for a fulfilling life. People doing it tough can step forward with hope and dignity.

Empowered Teams – our staff and volunteers are the heartbeat of our organisation. Embracing their passion and expertise, we will invest in them and encourage the development of quality working relationships, wise leadership and people-focused solutions. The care and professionalism of our skilled and dedicated staff teams will be the hallmark of Baptist Care SA.

Purposeful Partnerships – recognising our strengths, and those of others who share our values, we will forge effective collaborations that increase the impact and extend the reach of our services. More people will benefit as a result.

Baptist Care SA Tjukurrpa (Dreaming) – ‘Transition Pathways’

Artist: Molly Peterson of the Luritja Nations, NT

Early in 2019, we commissioned Molly Peterson of the Luritja Nations, NT, now living in Adelaide, to paint her interpretation of how people at Baptist Care SA’s WestCare Centre are assisted to move along their own, unique ‘transition pathways from adversity to opportunity’.

We asked Molly to share with us how this beautiful artwork evolved and what it means to her.

Molly says: “I was born near Papanya out in the bush. I learned my tjukurrpa, my dreaming, when I was 12 years old. My grandmother and grandfather would write the signs on the ground and I would learn from it. They would draw these pictures with dirt that I paint now. When I was 17, I learned how to paint.

This painting is about all the work that Baptist Care SA does in South Australia.

There are people from different cultures all working together to make life better. There are houses for people who don’t have houses. There is good food for people and gardens.

In the corner of the painting there are elders having lunch with Baptist Care SA workers. In the other corner there is an art workshop for people who want to paint. There are Baptist Care SA workers looking after children and there are people meeting in the church.

Between all the people there are paths for people to walk on. Many different types of people use the paths. Some people can’t walk or have a disability and Baptist Care SA helps them to get on the paths too.

I see all of the work that Baptist Care SA does and that’s all in this painting.”
